

Congratulations on your purchase of the Really Good Stuff® 100 Things I Can Find bookmark. This unique peek-through bookmark is perfect for increasing students' visual awareness skills, and for helping to celebrate the 100th day with a fun-filled math twist. The reproducible activity sheet allows children to use the peek-through again and again to locate items that match a particular criteria. Read on to discover the many ways you and your students can have fun with these bookmarks.

**Included in this Really Good Stuff® set you'll find:**

- 32 Peek through Bookmarks with perforated eyeholes
- This Really Good Activity Guide™ (including reproducible activity page)

**Directions for Use**

1. Punch out eyeholes and show children how to peek through the bookmark.
2. Have children use their bookmarks to locate any number of items that match a predetermined criteria. (See ideas below.) Children can locate these things in and around school, or at home for homework.
3. Children can use the reproducible activity page (on reverse side) to note the type of item they are looking for, and to illustrate and/or label 10 items they find that match that criteria.
4. Use children's individual lists to compile a master list of 100 (or more) items on a piece of chart paper.
5. Display the lists on the 100th Day.

**Here are some ideas for things children can look for:**

- 100 smiles
- 100 kind acts
- 100 red things (blue things, etc.)
- 100 big things
- 100 small things
- 100 things to eat
- 100 soft things
- 100 rough things (hard things, etc)
- 100 things that move
- 100 animals (pets)
- 100 songs
- 100 books
- 100 alphabet letters (or letter combinations)
- 100 numbers (or ways we use numbers)
- 100 doors (or windows)
- 100 toys
- 100 pieces of cereal
- 100 autographs
- 100 writing utensils (crayons, markers, pencils, pens)
